### ADVERTISEMENT.

The Reader is to observe, That in the List of the Nobility of Scotland, he has also a List of the Peers that are Members of Parliament now sitting, mark'd with an Asterisk. Amongst those that are not so marked, some are present in England; some are Minors; some are Roman Catholics; some are absent through Sickness; some are Dissenters; some are concerned in the present Rebellion; and some are Englishmen, though Peers of Scotland. The Commissioners from the Shires and Burroughs, that are now present Members of Parliament, are likewise mark'd with an Asterisk.
